	Alfalfa and alfalfa mixtures	11	1,200	1,841,764	0.1%
Rice					
	Rice	2	1,303	76,432,031	0.0%
Truck, nursery, and berry					
	Melons, squash, and cucumbers ( <i>note c</i> )	37	70,588	4,143,450	1.7%
Total		5,133	6,763,347		

## Notes

- a The average value for safflower is based on a six year period (1995 through 2000). Values for safflower were not reported in 1991 through 1994.
- b The average value for sunflower is based on a six year period (1995 through 2000). Values for sunflower were not reported in 1991 through 1994.
- c Acreage and production value reported by the Glenn County Agricultural Commissioners Office for wheat was used to estimate the production value of land classified by DWR as unspecified grain ("G").
- d The average value for melons, squash, and cucumbers is based on four years of data (1995, 1996, 1999, and 2000). Production values were not reported by Glenn County in other years.
